This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

For the Freshman year, the recitations are in the Historical Books of the Bible; for the Sophomore year, in the Prophetical Books and the Greek Testament; and for the Junior year, in the Doctrinal Books. These recitations are accompanied by Familiar Lectures from the Instructors.—On every Thursday evening is a *Religious Service*, by the President or one of the Professors, at which all the students are *invited* to attend.

LECTURES.

1. On Chemistry, the first Term.
2. Natural Theology, embracing Zoology and Mineralogy, the second Term.
3. Geology and Botany, the third Term.
4. Rhetoric, Oratory and English Literature, the second Term.
5. Natural Philosophy, each Term.
6. Classical Literature or Antiquities, each Term.
7. Theology, each Term.
8. Political Economy, third Term.
9. Anatomy and Physiology, third Term.
10. Intellectual and Moral Philosophy, first and second Terms.

In making the preceding statement, the simple aim has been to present a very brief and distinct view of the course; one which should contain only what is actually done, and be *comprehended* at a glance; to spread out the same over a greater space would be more easy than useful. It may be proper to add, that the system of instruction comprises *six Principal Departments*; viz. Classical Languages and Literature,—Mathematics and Natural Philosophy,—Chemistry, Natural History and Anatomy,—Rhetoric and Oratory,—Intellectual, Moral and Political Philosophy,—

Practical Theology and Personal Religion. Each of these departments is under the care of one responsible head, a permanent officer of the College. This officer does not give personally all the instruction in his department; but he oversees and directs the whole, and receives such aid from other officers as may be needed in conducting the several branches of study and instruction committed to his responsibility.

EXAMINATIONS.

1. Of all Classes, at the close of the first and second Terms.
2. Of the Senior Class, four weeks preceding Commencement.
3. Of the three lower Classes, on the week preceding Commencement.

PUBLIC PERFORMANCES.

1. Exhibitions, in the second and third Terms.—2. Declamation on Monday evening preceding Commencement,—Commencement, on the fourth Wednesday of August.—On Tuesday the day preceding commencement, several public Orations or Addresses are usually delivered before societies connected with the College, by distinguished Clergymen or Laymen.

VACATIONS.

1. Six weeks from the fourth Wednesday of August.—2. Two weeks from the second Wednesday of January.—3. Four weeks from the first Wednesday of May. Such students as are obliged by their circumstances to teach school in winter, are allowed to be absent for the purpose.

ADMISSION.

Preparatory Studies.—For admission to the Freshman Class, the following studies are required; Adams' or Stoddard's Latin Grammar, Cicero's Select Orations, Leverett's Latin Tutor, Virgil, Sallust or Cæsar's Commentaries, Jacob's Greek Reader and the Four Gospels in Greek, or Græca Minora and the Greek Testament, Geography, English Grammar, and Arithmetic.—For any higher standing, the same, and also the part of the Course gone over by the Class, to which the candidate wishes admission.

Proper Time of Entrance.—Candidates for admission are examined on Tuesday, the day preceding Commencement, and on Wednesday, the first day of the following Term.

Testimonials.—The candidate for admission to College, previously to his examination, must produce satisfactory evidence that he sustains a fair moral character, and that he has completed the part of the course preparatory to the standing for which he is offered. If he has been a member of another College, a certificate of regular dismission will also be required.

Age.—No one is admissible to the Freshman Class, until he has completed his fourteenth year; nor to an advanced standing without a corresponding increase of age.

Payments.—The amount of the first Term Bill must be paid by each student on his admission; each subsequent Term Bill becomes due at the close of the Term for which it is assessed. If the student enters in advance, five dollars and fifty cents per Term, which is one half of the regular charge for Tuition, will be required unless such standing shall have been obtained in another College. A bond in the sum of one hundred dollars for the payment of College Bills, must be given within one term after admission. The tuition of beneficiaries of Charitable Associations and other indigent pious youth preparing for the Christian Ministry is chiefly paid from the fund appropriated to that purpose. About thirty-five indigent students are gratuitously supplied with furniture; and various articles of clothing furnished from time to time by the benevolent, are gratuitously distributed.
